CHAPTER V. CHECKLIST

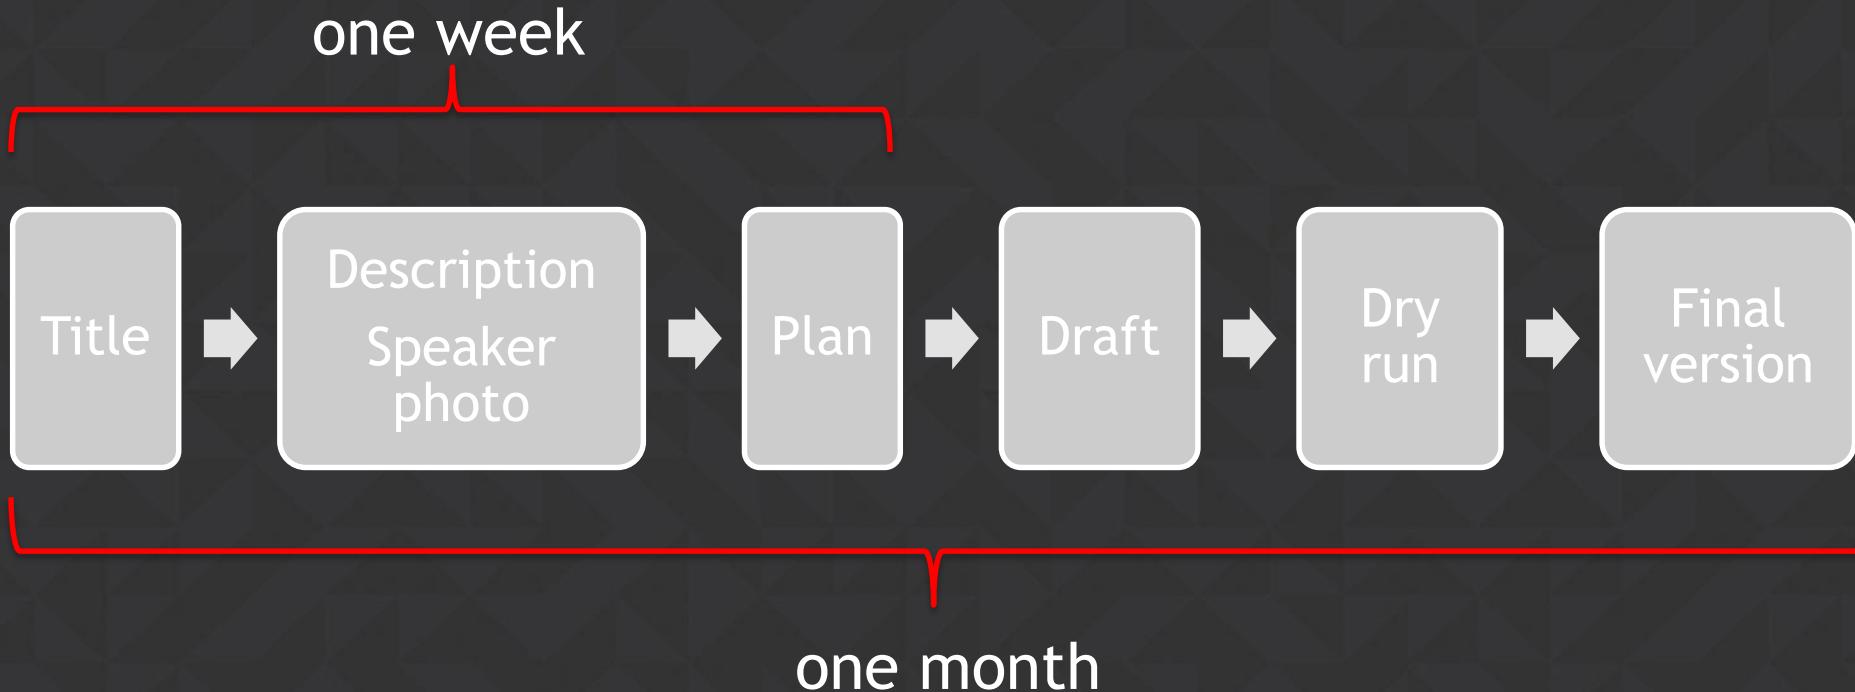

A rectangular metal sign with a yellow background and a dark blue border. The word "PLAN" is written in large, bold, blue capital letters on the top line, and "AHEAD" is written in large, bold, blue capital letters on the bottom line. The sign shows signs of age and wear, with some paint chipped off the edges and surface. It hangs from a black metal chain.

Presentation

TL;DR

<https://zachholman.com/talk/the-talk-on-talks/>

start early

holman's rule:

**talk preparation will
expand to fill all
available time**

Killing human beings and getting away with it

*no one can
readthatshit*

make your text
HUUUGE

HUGE

A black and white photograph of a vast, arid landscape. In the foreground, there are dark, craggy rock formations and patches of low-lying desert shrubs. Behind them, several large, rounded mesas rise against a clear, light-colored sky. The word "HUGE" is superimposed on the image in large, bold, white letters, with the letters partially cut off on the right side.

A large-scale black and white photograph of a massive sandcastle under construction. The sandcastle is multi-tiered and appears to be several stories high. In the lower-left foreground, a person's legs and feet are visible, standing on a smaller structure or staircase leading up to the main body of the castle. The background shows more of the sandy beach and some distant structures.

*you can't
get too big*

A black and white photograph of a vast, arid landscape, possibly a desert or a dry riverbed. In the foreground, there are large, weathered rock formations and some sparse, low-lying vegetation. In the middle ground, several small figures of people are visible, which emphasizes the immense scale of the landscape. The sky is clear and bright.

*remove more
words from
your slides*

A black and white photograph showing a person standing on a high, craggy rock formation. They are leaning forward, looking down at a deep valley filled with a winding riverbed and surrounded by more mountainous terrain. The sky is overcast and hazy.

**remove more
words from
your slides**

EPAM Systems is looking for talented students and specialists with technical background who take great interest in JavaScript. For such people the company announces free JavaScript Development Training. This course which is based on real experience in IT projects will give you an insight into the world of modern web applications. Professional developers will teach you how to implement web applications in a proper way. After the training is completed, you will have a chance to join EPAM.

сентября

АУДИТОРИЯ 04-4

Front-end Development

В октябре стартует бесплатный учебный курс по javascript и front-end, проводимый компанией EPAM Systems.

На встрече опытные разработчики EPAM Systems расскажут, что такое front-end и почему javascript сейчас так востребован.

Также будут рассмотрены часто задаваемые вопросы:

- как попасть на курсы;
- что необходимо знать;
- как обстоят дела с распределением;
- на каких проектах смогут работать выпускники курсов;
- что такое EPAM Systems и какие бонусы компания предоставляет своим сотрудникам.
